

M MIFFLIN BRONCOS

YOUTH FOOTBALL AND CHEERLEADING

4-12-17 Minutes

Location: Trooper Thornes

Time: 8:00 pm

A motion was made by Troy Moyer to open the meeting. Kate Murray read the minutes from the last meeting, motion to accept by Tara Delead. Jeff Sczepkowski provided the treasurer's report, motion to accept by Chad Schrawder.

Old Business

Kenhorst - Building sheds meeting is next Tuesday night. Keith will speak to Kerry Hafer and Kevin Kozo before it gets too close to football season. Kerry Hafer will make some calls about the lights, possibly \$2800 to buy.

Chad volunteered to reach out to the daycares with a flyer about registration.

League Updates

Boone will template the schedule and they will do it by the next meeting. They may fill in the odd number with some other schools as a "crossover game" during your bye week. Schuylkill Valley, Hamburg, and Twin Valley may potentially get out of the small league and come to our league. This is just in discussion at the moment.

Mighty Mite JV only will do Berks Brawl, and first two games are going to be scrimmage format, and the 4th game on will be game format. To acclimate kids to that format. No bring down or bring up for those first 2 weeks. This will be voted upon again, so it may change. There will still be referees there.

Keith McConnel will be taking over as secretary of the league. Heads up football tackling was garbage. OT in effect for playoffs only. Final vote next meeting.

Varsity teams need to be fielded before JV. League dues are due by the May meeting. \$150. Next league meeting April 27.

Fundraising

Anne has decided that she will not be able to commit to the role of Fundraising Coordinator. Megan Hafer agreed to step up.

Tara Delead suggested chicken dinner fundraiser.

It was suggested that MAYBA did a fundraiser with 4 cups for \$20, sports cups - we would make \$8 for each set that was sold.

Megan Hafer asked if we could switch up the businesses on the fundraising cards. Megan is willing to take on the role of Fundraising Coordinator and help find new places to add on the cards so that families have more choice.

Equipment

Inspections on trucks are May and Sept. so Mike Brisan will take care of getting the trucks inspected. The sheds may be built by Sept. so just one truck will be inspected in May.

Helmets - 163 helmets are going back for new shells. 2 were also sent for repairs that need to be paid for.

First aid kits will be donated by Dicks Sporting Goods, Kate Murray will coordinate.

Pat Steuer showed an example of the new jerseys in vegas gold. An official vote was taken and unanimously approved. Mike and Pat will take that to the league because they have to approve it as well.

Ice packs are needed.

New pants were discussed. At handouts, people were given the wrong size. We have replaced the pants a few at a time. People didn't realize there were two sets, adult sizing and youth sizing, that may have been a reason for the wrong sizes. We have 40 new pair of shoulder pads. Adult L and XL were getting bad last year so those may need to be replaced this year.

Cheer

Registration is now open for the fundraising clinic to be held on Saturday, May 20. Funds will likely be set aside for cheer-related expenses such as music and choreography for competition. Jen Moyer suggested that Flag needs more pompoms and by next year the other levels may also need new pompoms.

This will be Keith's last year as president as well as Jeff's last year as the Treasurer. He would like to use this year as a mentorship. Nominations are now open for these 2 roles. Aaron Garner and Mike Brison are both interested in President. For Treasurer, the candidates are Roger Lehman, Mike Alexis and Mike Matz.

Chad suggested that candidates provide a background on their vision and experience. We will put together a questionnaire and ask each candidate to fill it out. We will post their answers on the website so that members can review.

Bylaws, Minutes and Candidate Backgrounds will all be posted on the website before the next meeting so that we can vote on each item without reading through each item. By doing it this way, we will no longer need to waste time to read the minutes, but instead we can just make a motion to approve them.
